From Carrara follow the signs for Campocecina (behind the hospital) to Foce di Pianza (between Mount Borla and Mount Sagro). Once you leave the car, take path 172/173: upon reaching a crossroads, continue to the right on path 172 which leads us briefly to the S side of a ridge and then to the N side, skirting the head of the quarry basin up to Pass of Foce della Faggiola (1464 m asl).

Here you leave the path 172 to head left following the blue signs that indicate the summit path for the Sagro: the path climbs on the S side of the mountain and comes out just before the summit on the W ridge; from here in a few minutes you can climb to the top of the mountain.
